

Ditch Witch® Names Best in the Business

Ditch Witch of Ohio, Western Pennsylvania and Western New York was recently honored by The Charles Machine Works, Inc. (CMW™), manufacturer of Ditch Witch products, as a member of the 2009 Crescent Club, an elite group that represents the very best the Ditch Witch organization has to offer. From sales and marketing to parts and service, Ditch Witch of Ohio, Western Pennsylvania and Western New York exhibited extraordinary service to its customers, to the industry, and to the Ditch Witch organization in 2009.

“Our dealership has been blessed with extraordinary customers, and a team of associates that will do whatever it takes to help them succeed.” says Ditch Witch of Ohio, Western Pennsylvania and Western New York GM Matt Di Iorio. The Dealership team is comprised of many experienced professionals, dedicated to providing solutions to customers installing pipe and cable underground. Ditch Witch of Ohio, Western PA & Western NY provides safety, operations and maintenance training, as well as equipment leasing, rental, inspection, field repair, and maintenance for the entire fleet. “We are thankful for the great product and support that The Charles Machine Works, Inc. provides all Ditch Witch dealerships, and the honor of being recognized as one of the best.”

Criteria for Crescent Club membership is stringent and includes measurable goals for all segments of the dealership. This includes successful sales and marketing efforts for the entire Ditch Witch product line, as well as the financial performance, marketing and management, personnel, training, and superior parts and service departments.

“There is nothing more important to our organization than our customers’ success with Ditch Witch products,” says CMW Chief Executive Officer Tiffany Sewell-Howard. “The Ditch Witch dealer organization plays an essential role in the Ditch Witch experience and the Crescent Club is designed to reward the best of the best.”

The Ditch Witch organization specializes in the design and manufacture of high-quality underground construction equipment. The company is a one-stop source for trenchers, vibratory plows, pneumatic piercing tools, backhoes, electronic guidance and locating tools, horizontal directional drilling systems, drill pipe, downhole tools, vacuum excavation systems, pipe-bursting systems, excavator-tool carriers, compact utility loaders, and the Zahn® family of power utility equipment.

All of these products are recognized around the world for their advanced design, rugged construction, long-term durability, ease of use, and reliability. This product line represents the most complete range of equipment for installing utilities underground.
